SUAVE - Stimulating SMEs in Urban Agriculture value chain for sustainable growth in Europe

About the project

SUAVE Eurocluster is a novel pioneering European project focused on boosting urban agriculture towards sustainable and resilient urban food systems. SUAVE will benefit SMEs with different types of support services valued of 1,050M EUR that include innovation vouchers, internationalization missions to the USA, Canada and Mexico, as well as training for upskilling, networking and learning activities. The awarded SMEs could receive **up to 60K EUR** support.

The project is coordinated by VEGEPOLYS VALLEY (France) and powered by five experienced agri-food and digital clusters from Spain (FEMAC), Hungary (INNOSKART), Poland (UNIMOS) and Lithuania (AgriFood Lithuania DIH). The project is funded by the European Union.

The goal of the survey

The main objective of this survey is to identify the challenges that SMEs and other stakeholders in urban agriculture experience. Your answers will help us understand the challenges and needs of stakeholders in the urban agriculture system that will inform the support scheme of this project.

What personal data we collect

The survey doesn't collect any personal data, unless you choose to leave your email address for potential contact in future. You will also be able to provide the contact details (name, surname, email address or phone number) of other stakeholders who might be interested in the funding opportunities offered by this project.

How we collect, store and use your data

The data will be collected using an online survey tool – Alchemer – which ensures GDPR compliance. You can learn more about Alchemer's privacy policy [here](#). We will use the collected data solely for the purposes of this project and will not share it with any third party.

The project team might use the contact information you provided to reach the stakeholders who could benefit from the support scheme of the project.

Who has access to your data

Only the persons working on the project will be able to access the information you provide in this survey, including any personal data you share.

How long will we keep your data

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or EISMEA. Neither the European Union nor the granting authority can be held responsible for them.

Funded by
the European Union

The personal data collected will be kept until the end of the project and will be deleted by no later than December 2025.

Access and review your personal information

You can exercise your right to obtain information about yourself or to correct, update or delete that information using the contact details provided below.
